Hello everyone

Carol spoke to Dave Kluesner and it seems like its not realistic to expect a discussion of 10.9 in December so that we would go with our Plan B Agenda which would be to meet on our regularly scheduled date in Newark on December 6th to discuss:

1. the CPG's presentation of their alternative and the EPA's response to that alternative.
2. As well as a discussion of post Sandy updates related to the River.

Ray can you confirm your availability to be present on December 6th to respond to CPG plans and

Dave can you be present that day to talk about Sandy efforts on Passaic?

I'm assuming the CPGs can make their presentation

Thanks!
